Contact Linkline Crews 0208 426 2200

I have 20 years experience in the TV and Film industry and have worked on some amazing projects all over the world. I have enjoyed a variety of genres and styles from Natural history and 3D to feature films and Saturday night TV.

I have year of lighting experience in all conditions and environments, and have worked with most camera systems. I also have a lot of my own equipment and hold a drone licence. I can provide kit for any scale of production.

If you have a project either large or small feel free to get in touch and we can discuss your requirements.
